

Westminster Members and Guests,

Effective *Tuesday, February 9th, 2021*, the Club at Westminster will be implementing new policies regarding the club's golf cars. Westminster will allow a maximum of 2 club golf cars per foursome. Residents who have their own private golf are exempt from this policy. All players will be paired up when possible to make a foursome. Non golfing riders will not be allowed until further notice. Residents who have their own golf car may continue to ride alone if they choose, however we do encourage residents who have their own golf car to let a player in the foursome ride with them. Players are not required to pair up into someone's private golf car.

COVID Precautions: The club promotes safe practices, facial coverings, and physical distancing. We recommend you wear a mask if you're riding in the same golf car as someone you do not know. If you must ride in your own golf car for health and safety reasoning, you may request your own golf car by checking in through the golf shop and paying a cart fee of \$18+ tax. If you have any questions regarding the golf car policy, please contact the golf shop. We will continue to practice physical distancing in the clubhouse as well. Masks are strongly recommended inside the clubhouse upon entering.

We look forward to a great rest of the 2021 season! Thank you for your cooperation and continued patience as we work our way through this challenging time.
